PREFACE  
TO THE  
SEVENTH SERIES  
OF THE  
PENNSYLVANIA ARCHIVES.

---

The first five volumes of the Seventh Series of Archives contain the Index of the Sixth Series.

These will be followed by the Executive Minutes.

In the Preface to the Sixth Series the editor stated that the Sixth Series would include the Philadelphia city and county military papers; the Washington, Westmoreland and York county military papers; military papers from 1783 to 1790 relating to Bedford, Berks, Bucks, Chester, Cumberland, Dauphin, Franklin, Huntingdon, Lancaster, Luzerne, Montgomery, Northumberland and Northampton counties; the Philadelphia city military papers of 1783 to 1790, together with those of Washington, Westmoreland and York counties; the Pennsylvania military papers from 1790 to 1900; the marriages, baptisms, and marriage licenses from 1734 to 1834; the papers relating to the War of 1812-14; the troops under the command of Colonel Fenton, Colonel Rees Hill, Generals Harrison and Crook, Colonel Rush and Major Wersler, and also those who rendezvoused at Camp DuPont, Erie, Lancaster, York and Marcus Hook; the miscellaneous papers of the War of 1812-14, together with the lists of medalists and pensioners, and expenditures of Pennsylvania on account of the United States; the expenditures of the State of Pennsylvania for the United States during the Mexican War; the forfeited estates from Allegheny county to Philadelphia in one volume, and the forfeited estates of other coun-

ties classed together; a very interesting memorandum book of John Ewing with an account of his journey to settle the boundary of Pennsylvania in 1784, and an order of march of Hand's Brigade from Wyoming to Tioga, and a letter-book respecting His Most Christian Majesty, 1780, and several important orderly books. This Index to names is designed to include all names referred to in these fourteen volumes. It contains references to over a million names, and it is hoped that its completion may be a source of satisfaction to the genealogical and historical worker.

The work has been compiled under Mr. Luther R. Kelker's direction and every credit should be given to him and to his assistants in the Division of Public Records in the State Library for the painstaking way in which they have handled a nerve-racking work.
